Get Paid Fast—In Any Weather
LMTS Offers TWO Ways to Get Your Cash in a Flash

Thunder! Many drivers already know how TRANSFLO® Express and \$Velocity enables them to send their bills to LMTS in mere minutes instead of days. Starting September 1, carriers can use TRANSFLO® to get their payments back to them the very next day.

TRANSFLO **THUNDER** pairs the inbound speed of scanning technology with the overnight speed of FedEx to make waiting for pay a thing of the past. For a fee of **2% of the gross pay**, carriers can have their payments overnighted to them the day after they finish their load*.

TRANSFLO® Express is now available at over 750 travel centers nationwide, so a driver is always close to a kiosk where it takes only minutes to transmit bills. And carriers that want to scan and send from their cab, home, or office can use TRANSFLO® \$Velocity—the download is free.

Ask us about TRANSFLO—to speed up your cash flow.
** Bills must be clean and clear; not available for first time carriers.*

LIGHTNING PAY!

Ever since 2006, LMTS carriers have been able to get speedy turnaround on their settlement checks by using **LIGHTNING PAY**'s easy two step method:

1. Send your complete and accurate bills of lading to LMTS—via FedEx overnight—along with a prepaid return overnight mailer addressed to you
2. If paperwork is complete, LMTS will send your check back overnight.

Call your LMTS dispatcher today to find out how you can get paid in a flash—a **LIGHTNING** flash!

Right: speaking of “back-to-school”, Eastern Produce team member **Chad O’Shea** got a little help from his kids while they still had some free time. **Trey** is 7 and **Chelsey** is 9 — and by the way, that’s them also posing on Chad’s monitor in the background (inset).

Brain Teaser Bee Careful!

Our August “Droodle” drew several inspired interpretations—we judged the most original to be the one sent in by **Bill Little** of Southeastern Freight Lines, who said:

“Four skinny slices of pizza left in the box and one single pepperoni stuck to the center of the box!”

Bill must have worked out the Droodle sometime around lunch, we’re guessing. Good

job, **Bill**, and thanks for playing!

September Brain Teaser

You come upon a man standing in the street. He is wearing a blue hat, a striped shirt, and yellow pants. He holds both his hands in front of him clasped together, and from inside his hands you can clearly hear the sound of buzzing bees. What does

the man have in his eye?

Send your answer to:

 And you may win a valuable prize!

TRANSFLO Trucker Monthly Winner for August

Each month, LMTS will select at random a load that was scanned and sent via TRANSFLO. The carrier that hauled the load wins a \$50.00 gift card, and the LMTS team that dispatched the load wins a pizza party.

Carrier of the Month **Randy Parrish** **RPT, Inc.**

Chad O’Shea with our Eastern Produce team, moves a lot of loads with a lot of carriers. Chad’s business moves fast and furious, and he prizes consistency and efficiency in his carrier partners. That’s why Chad has nominated **Randy Parrish**, owner of **RTP, Inc.** as our September Carrier of the Month.

Chad can load several of **Randy’s** trucks with Friday, Saturday and Sunday pick ups, and never have to give them another thought—he knows **Randy** and his folks

are going to handle everything smoothly, without a hiccup.

Randy and his team hit their marks like clockwork, too. “The most important thing I preach to my drivers”, says **Mr. Parrish**, “is to be on time ... always on time!” That makes for happy shippers and happy customers. And

you’ll notice a smile on Chad O’Shea’s face, too.
